SCHEDULES FOR OPERABLE UNITS 12, 13 AND 14 - JMK-0274-92

Ref: J. M. Kersh ltr, JMK-0003-92, to R. M. Nelson, Jr., Revised Schedules for Operable Units 12, 13, 14 and 16, January 10, 1992

In the referenced letter, EG&G Rocky Flats (EG&G) requested that the Department of Energy/Rocky Flats Office (DOE/RFO) approach the regulators for 60-day extensions on the Interagency Agreement (IAG) schedules for submittal of draft work plans for Operable Units 12, 13, and 14. EG&G has received no response to this request; however, our individual project managers are receiving verbal direction from their DOE counterparts to meet the original May milestone dates.

Although our January request for extension represented a realistic estimate of the timeframe required to submit quality workplans, EG&G project managers are making every effort to accommodate the recent verbal direction. It is EG&G's position that the submittals developed to meet this original deadline will be compromised in terms of quality and may not meet Environmental Protection Agency (EPA) and Colorado Department of Health (CDH) expectations. Accordingly, we anticipate that the agencies will return substantial comments on the work plans.

We request that DOE advise EG&G in writing in regard to our January 10, 1992 request for an extension.

J. M. Kersh, Associate General Manager
Environmental and Waste Management
